FOR IMMEDIATE RELEASE

**GLORY FOR GIRLS ANNOUNCES ALL-NATURAL CLARIFYING PRODUCTS FOR
CLEAR AND RADIANT SKIN**

*New Clarifying Products and Coconut Scrub Added to Specialty Line for Tweens and
Teens*

CARLSBAD, Calif. (January 14, 2009) – Glory for Girls® now offers girls of all ages clarifying products that are 100% natural and ultra-effective without using harsh ingredients that cause redness and irritation. The products include the Everyday Clarifying Lotion, Everyday Clarifying Pads, and the Coconut Scrub, all of which will be debuting at the New York International Gift Fair, January 25-29.

“We all want to look our best, all the time,” said founder and CEO, Brittany Clotfelter. “But I don’t know of anyone who has escaped the trauma of unwanted breakouts or blemishes, especially during adolescence. With these new products girls don’t have to use harsh and abrasive treatments to get clear and radiant skin.”

The Everyday Clarifying Lotion combines natural AHAs to exfoliate and brighten skin, with sulfur, a powerful healing and soothing agent. Both allergy and clinically tested, this lotion can be used as a spot treatment to help reduce blemishes without drying out the skin. It also contains botanicals and extracts that reduce inflammation and redness.

– more –

The Everyday Clarifying Pads feature a light concentration of salicylic acid to exfoliate dead skin cells and unclog pores. Conveniently packaged in pre-soaked pads, these are a quick and easy way to combat uneven skin. With continued use, girls can see the difference in their skin's appearance by helping reduce and resolve blemishes.

The super fresh Coconut Scrub is polka-dotted with pink and white jojoba beads that gently scrub away unwanted rough skin from anywhere on the body. This moisturizing cream combines pomegranate, passion flower, and coconut extracts to create a beautiful tropical experience that provides superior hydration. Girls can have fun having a "spa day" with this dual-action scrub to reveal softer, smoother and more subtle skin.

All of the Glory for Girls® products are 100% natural and are free of known skin irritants and potentially harmful ingredients such as artificial colors or fragrances, petrochemicals, parabens, sulfates, phthalates or known toxins and hormone disruptors. Currently, the line has 11 all-natural products which includes face and body washes, lotion, deodorant and lip balms.

About Glory for All, Inc.

Glory for All, Inc. is the creator of Glory for Girls®, an exclusive skincare line that is made with all natural ingredients and has the same iconic appeal as the top beauty brands.
